

CORINA'S MARY KAY NEWS

FEBRUARY 2008

Are you keeping warm? I seem to always be cold, but warm weather is just around the corner! I've included a photo of Robin Oberton finishing her very 1st dog sled race. As you can see, she had one dog that had to ride to the finish line, but she made it - with her Mary Kay face still intact too! We are so proud of you, Robin!

Next month will bring more exciting changes to Mary Kay's color line. We are going to be phasing in mineral powder eye & cheek colors. You will be receiving a new book at the end of March. March will also bring my annual anniversary sale with all the skin care & customized skin care products on sale. Watch for my flyer! Since this is a short month, I will keep my special of the month the same as last month. Remember, any color items I have in the bright pink packaging is 25% off until they are gone. The colors that are staying in our line are phasing in with updated, black & pink packaging. We are always looking fresh & trendy! I will continue to keep you posted with changes as I learn about them. Have a wonderful month!
